

Name \_\_\_\_\_

# White Circuit

Mem # \_\_\_\_\_

**Grade:** Font 4+ – 7b+

**The idea:**

47 problems across a wide grade range that will stay on the walls till December 1<sup>st</sup> 2009. The white circuit is here to give you a challenge over the next couple of months.

Climb them, tick the box, leave your topo in at reception and in early December we'll do a prize draw for 5 lucky people.

You DO NOT have to complete the circuit to take part in the prize draw. Climb one or all forty-seven, it doesn't matter. Just as long as you enjoy yourself

**The prize:** It'll be something nice, promise.

**General Rules:** Everything in – volumes etc... unless stated. Start with at least one hand on starting, numbered, handhold.

The grades / problem numbers roughly equate to number 1 c. font 4+ and number 47 c. font 7b+. All the rest of the problems are roughly inbetween that with them generally getting harder as you head toward the end.

Enjoy!!!!

No.	Location	Special Rules	Tick
1	LH Side Clinic Wall		
2	Slab		
3	2 <sup>nd</sup> room		
4	20 degree board		
5	5 degree board		
6	Bean bag room	SS
